Document Management

Finally, get people to use the documents that we spent all that time and money creating!

Reduce cost of mistakes from using outdated versions of company documents

Reduce cost of non-value-added labor from manually filing, searching for, and passing documents around between employees

Significantly improve access and use of the documents with web access from most devices

Improve document cyber-security to avoid access to 3rd party or unathorized employees

80% WASTE REDUCTION (LEAN)

REDUCTION (6 SIGMA)

Harrington Group International has developed a comprehensive set of management and technical processes based on industry quality standards. The consistency achieved throughout the application of these processes provides the foundation for predictable performance and a reputation for delivering high quality products, on time, and on budget.
